IEEE International Symposium on Policies for Distributed Systems and Networks

POLICT 2010 http://www.ieee-policy.org

July 21-23 2010, George Mason University, Fairfax, Virginia, USA

The symposium brings together researchers and practitioners working on policy-based systems across a range of application areas including policy-based networking, privacy and security management, storage area networking, and enterprise systems.

This year's event will have a special focus on policy-driven real-life applications, and we encourage submissions in this area as well as the topics listed below. The symposium will include demonstrations of innovative policy-based systems, and authors are invited to submit demonstration descriptions, as described below. In addition, authors of all accepted papers will be invited to accompany their presentation with an optional demonstration.

POLICY 2010 invites novel contributions on all aspects of policy-based management. Papers must describe original work and must not have been accepted or submitted for publication elsewhere. Submitted papers will be evaluated for technical contribution, originality, and significance. Topics of interest include, but are not limited to the following:

- Privacy and Security
- Policy Models and Languages
- Policy Applications

For a complete description of the topics of interest, please see http://ieee-policy.org/cfp.html.

System demonstration submissions will be evaluated on the basis of their technical merit and novelty. Of particular interest are systems that illustrate research contributions and innovative applications of policy based technologies. Commercial products are eligible, but sales and marketing activities are not appropriate.

General Chair:
Duminda Wijesekera
George Mason University

PC Co-chairs:
Marianne Winslett, ADSC Singapore and University of Illinois at Urbana-Champaign
Ken Moody, Cambridge University

Program Committee: http://www.ieee-policy.org/commitee.html

Important Dates:

Abstract due:	February 15, 2010	**Camera Ready:**	May 7, 2010
Full Paper due:	February 22, 2010	**POLICY 2010:**	July 21 -23, 2010
Notification:	April 22, 2010		

Paper Submission: http://www.easychair.org/conferences/?conf=policy2010

Papers under review elsewhere must NOT be submitted to Policy 2010. Proceedings from the symposium will be published by IEEE Computer Society.
All submissions must be in IEEE Proceedings 2-Column Format (see http: //ieeeformats.notlong.com) and must satisfy the following page limits:
• **Technical papers** (max. length 8 pages)
• **Short position papers** describing preliminary experimental results, experiences with deployed policy systems, new applications or new policy research challenges (max. length 4 pages)
• **System demonstration descriptions** illustrating innovative applications of policy based technologies (max. length 2 pages, not including references)
